WORK SESSION ITEM

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT: Pavement Reconstruction on O'Neil Avenue, Overhill Drive, and Andrea Street and New Sidewalk Construction on Harvey Avenue, O'Neil Avenue, and Hayward Boulevard: Award of Contract & Appropriation of Funds

RECOMMENDATION:

It is recommended that the City Council adopt the attached resolutions that:

1. Approve Addendum No. 1, which makes minor revisions to the plans and specifications and extends the bid period;
2. Award the contract for the base bid only to Granite Construction Company of Watsonville, California in the amount of \$1,186,952.75; and
3. Appropriate \$135,000 in the Street System Improvements Fund to complete this project.

BACKGROUND:

This project combines the O'Neil Avenue and Overhill Drive Pavement Reconstruction project, the Harvey Avenue and O'Neil Avenue Sidewalk Improvement project, and the Hayward Boulevard Frontage Improvements project into one contract. Combining these projects will allow simultaneous design and construction to save time and cost.

This project was bid with a base contract for the reconstruction of O'Neil Avenue from Sycamore Avenue to Orchard Avenue, Overhill Drive from Mission Boulevard to 675 feet east of Mission Boulevard and an additive alternative bid for Andrea Street from West Tennyson Road to Brian Street (see Exhibit A). This bid structure was established to maximize construction with available funding. The reconstruction work consists of removing the existing pavement and underlying layers and replacing it with a full-depth, asphalt concrete roadway section. Also included in the base bid for this contract is the construction of curb, gutter, sidewalk, and driveways on portions of Overhill Drive, Harvey Avenue from West Tennyson Road to Folsom Avenue, O'Neil Avenue from Sycamore Avenue to Orchard Avenue, Sycamore Avenue from O'Neil Avenue to 175 feet west of O'Neil Avenue, and Hayward Boulevard from Skyline Drive to 400 feet north of Plumas Court in front of the proposed Lewis Park site (see Exhibit B).

On April 4, 2006, the City Council approved the plans and specifications and called for bids to be received on May 9, 2006. During the bidding period, Addendum No. 1 was issued to make minor modifications to the plans and specifications in response to plan holders' questions, provide necessary design clarifications identified by staff, and extend the bid opening date to May 16, 2006.

On May 16, 2006, six bids were received ranging from \$1,186,952.75 to \$1,316,892.75 for the base bid and \$1,406,548.50 to \$1,577,847.75 for the total bid including the additive bid alternative. Granite Construction Company of Watsonville submitted the low bid of \$1,186,952.75, which is approximately 8 percent above the Engineer's Estimate of \$1,100,000. Top Grade Construction, Incorporated submitted the second low bid of \$1,188,458.50. The significant difference between the high base bids received and the Engineer's Estimate are the higher costs for mobilization, roadway excavation, and asphalt concrete, which constitutes a majority of the work.

All bid documents and licenses are in order. Staff recommends award of contract to the low bidder, Granite Construction Company, for the base bid only in the amount of \$1,186,952.75.

PROJECT COST:

The estimated costs of the total project are as follows:

Contract Construction	\$ 1,186,953
Work by City Forces (Utility Adjustments)	30,000
Right-of-Way Engineering and Acquisition	70,000
Design & Administration	213,047
Construction Survey & Inspection	90,000
TOTAL	\$ 1,590,000

FUNDING:

The Recommended 2006-07 Capital Improvement Program (CIP) includes \$1,080,000 in the Street System Improvements Fund and \$375,000 in the Measure B Tax (Pedestrian and Bicycle) Fund. An additional appropriation of \$135,000 from the Street System Improvements Fund is needed to complete this project. In addition, it is estimated that \$50,000 will be reimbursed by property owners on O'Neil Avenue and Harvey Avenue with Deferred Street Improvement Agreements.
